style making learning easy to comprehend and apply.

Physical health tells about the state of our physical body. That how are we maintaining our body.

This has nothing to do with the physical appearance, being slim or anything like that.

Mental health comprises our emotional, psychological and social wellbeing. It affects how we feel, think and act. It also is a determinant of how we handle stress.

**Duration** – 120 min

**Outcomes-**

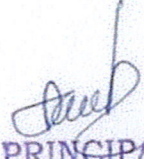

- As we know that health and fitness play an important role in our overall wellbeing so we should try for a good balance between mind, body, and soul.
- She have suggested some activities to maintain proper health and fitness.
- It can help students to develop and maintain strong relationships with others, as well as an overall sense of contentment. Good mental health also allows them to deal with life's challenges and stressors in their daily lives.
- By raising awareness of the physical and mental health awareness issue, it can help to break down the stigma that surrounds it and make it easier for people to seek help if they are struggling.
