## Grievances received from students and action taken

### Grievance No 02:

Students from second-year B.Pharm.complained about the non-working ceiling fans in the classroom.

### Action taken:

Students grievance redressal committee members have noticed it and immediately addressed it to the office superintendent via the principal. The complaint received from students was verified by an actual inspection of the classroom by committee members. During the inspection, it was noticed that only one ceiling fan is working; committee members have reported that as per climate change only one fan was not sufficient to make proper ventilation. So immediately within two days some ceiling fans are repaired and two new fans were installed and the problem was resolved.
