This event was carried out under the supervision of Prof. G.R. Sakhare.

History behinds women's day

International Women's Day (IWD) is celebrated on the 8th of March every year around the world. It is a focal point in the movement for women's rights. After the Socialist Party of America organized a Women's Day in New York City on February 28, 1909, German delegates Clara Zetkin, Käthe Duncker and others proposed at the 1910 International Socialist Woman's Conference that "a special Women's Day" be organized annually. After women gained suffrage in Soviet Russia in 1917, March 8 became a national holiday there. The day was then predominantly celebrated by the socialist movement and communist countries until it was adopted by the feminist movement in about 1967. The United Nations began celebrating the day in 1977.

One such magnificent person of women's valour was Jijamata. Bunts Institute for High Education observed the Birth Anniversary of Jijamata in the honour of the great lady for her contribution to the life of her son, Chhatrapati Shivaji Maharaj. She was the source of information and motivation not only for her son but for the whole Maratha Empire and our country. The foundation of an independent Hindu nation was created by her son Shivaji Maharaj who made the dream come true. She was affectionately called as Jijau. She gave importance to martial art, to equip him for the role she nurtured Shivaji to play. Jijabai's journey is an example of how a mother can not only transform the fate of the society but also the fate of the nation.

Fill the brain with high thoughts, highest ideals, place them day and night before you and out of that will come great work – Swami Vivekananda.
