## SUMMARY

### Description-

Seminar on Topic- **“Introduction to clinical research and career opportunities”** which was held on 12/04/2023 for Third & Final Year students at seminar hall.

**Speaker** – Mr. Dhanraj V. Jadhav RQAP-GCP B.Pharm, L.L.B, MBA (QA Manager-Regulatory Compliance and Quality Assurance) LabCorp Drug Development, Pune

Lecture started with introduction of Resource person, Mr. Dhanraj V. Jadhav

The main aim of the guest lecture was to make the students aware about the career opportunities in Pharmacy education. The students were also informed regarding the varied skills and attributes required in a Pharmacy professional to succeed in the fast changing Pharmaceutical Sector. Various new allied sectors of Pharmacy that have grown tremendously in recent days like Clinical Data Management, Pharmacovigilance, clinical trials, Medical Coding, Audit Handling. He explained the roles and responsibilities of Medical Writing, Clinical Research Associate and Clinical Research Co-coordinator professional.

### Objective:

1. To make the students aware about the latest trend in pharma sector
2. To make the students understand the Career opportunities in IT sector.
3. To identify a focus for future research and scholarly work, and to develop special expertise in the corresponding clinical domain and/or research methods.
4. Rapid increase in clinical research and drug development.
5. Why choose this career.
6. Excellent growth prospects
7. International exposure and prospects.
8. How to track your career

### Topic Discussed:

1. About clinical research program
2. Career opportunities in IT Sector
3. How to prepare for interview

## Report on Guest lecture on Topic – “Advance Instrumental Techniques”

### Description-

Seminar on Topic- “Advance Instrumental Techniques” which was held on 08/04/2023 for Third & Final Year students at seminar hall from 2.00pm to 5.00 pm

**Speaker** – Dr. Nazama Inamdar, Professor at Government College of Pharmacy, Amravati-444601 (Maharashtra)

Lecture started with introduction of Resource person, Dr. Nazama Inamdar. The main aim of the guest lecture was to make the students aware about the Advance instrumental Techniques.

### Principal Aspects of the Lecture:

1. An Overview of Advanced Instrumental Methods Dr. Inamdar gave a summary of sophisticated instrumental approaches at the start of the talk, highlighting evolution of the techniques and their impact on enhancing the accuracy and efficiency of analytical processes.
2. **Mass Spectrometry and Chromatography:** The speaker discussed the fundamentals and uses of these techniques in depth. Using examples from her own work, she described how important these methods are for the identification and measurement of chemicals.
3. **Nuclear Magnetic Resonance (NMR) Spectroscopy:** Dr. Inamdar discussed the fundamentals of NMR spectroscopy and how it is used to determine an organic compound's structure. She gave instances of how NMR has helped her research efforts.
4. **Spectroscopic Methods:** A number of spectroscopic methods, including infrared, UV-Vis, and fluorescence spectroscopy, were thoroughly covered. The speaker emphasised how they can be used to research chemical bonds, molecular structure, and reaction mechanisms.
5. **Applications in Various domains:** The talk addressed the range of domains in which sophisticated instrumental approaches are used.

### Challenges and Future Prospects-

The speaker wrapped up by discussing the difficulties posed by sophisticated instrumental methods and offering predictions for upcoming advancements in the area. She underlined that

Interaction with the Audience: An interesting Q&A session gave the audience a chance to ask questions and get clarification on a range of issues after the talk. The attendees' educational experience was further enhanced by the thoughtful response from Dr. Inamdar.

### Conclusion:

The guest lecture by Dr. Nazama Inamdar on Advanced Instrumental Techniques was a fascinating and educational event. The seminar greatly aided in cultivating a greater awareness of the applications of these approaches in scientific research, and attendees obtained insightful knowledge about the most recent developments in analytical procedures. The talk was effective in achieving
