Shri. Sudhir V. Mungase
Secretary RJSPM

Principal's Message

Dear Students, Parents and Community Members

Warm Greetings

The past three years the entire world was plagued by the COVID-19 pandemic and is still trying to come to terms with it. India is no exception. While, our country not only achieved the target for vaccination to a great extent, it also provided vaccines & medicines to the world. In this pandemic it emerged out as the Global Pharmacy. The Govt. realizing the importance of national health made highest budgetary allocations for healthcare sector, since independence with a 200% growth. The annual turnover of the Indian Pharmaceutical industry has increased from INR 1750 crores (in 1990) to > INR 3,80,000 crores till 2023.

All in all, the importance of healthcare sector has increased and realized manifolds in recent years, with Pharma sector no exception. In past 5 decades it has emerged out as a global player contributing to both national health and wealth. Today India is ranked 3rd in the world bulk wise in production of medicines and 10th costwise! Today India has highest USFDA approved manufacturing facilities-total 665- than any country. Besides this we have > 1450 WHO-GMP approved manufacturing facilities, indicating to its steady emergence towards becoming Global Pharma Superpower!

"Over last six decades, the pharmacy education has also grown substantially in the country, with more than 1250 degree and 900 diploma colleges being established. Against changing importance of healthcare sector and great career prospects, working conditions and pay scales the pharmacy education is also on rise, with steadily increasing demand. In past 5 years no seats are left out in any of the pharmacy colleges against so many vacancies left in other professional technical courses.

Today, there is a sea change in Teaching-Learning-Assessment policies and implementations and they have become more and more Outcome Based. Technical courses are Assessed & Accredited for the Quality Assurance of the education. Developments and progress in IT sector have offered many ICT tools for best implementation of quality Teaching-Learning-Assessment.

RajmataJijau Shikshan Prasarak Mandal's (RJSPM) College of Pharmacy since its inception in 2007 has steadily provided quality B. Pharm. graduates to the Industry. Academia and the Society, under the able guidance and keen interest and support of Hon. Vilasraoji Lande, President - RISPM and Hon. Sudhirji Mungase, Secretary- RJSPM and the management The college has always given importance to the all round growth of its students and so besides academics, equal attention is given to the co-curricular and extracurricular activities so as to develop students holistically. who are self-sufficient & with balanced personality, and can compete for better opportunities in their professional career.

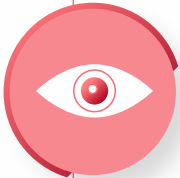

The college has consistently come out with good results in University exams as well as competitive exams. The credit goes to the experienced, enthusiastic and creative faculty. The latest and brightest achievement of the college was getting accredited in 'A' Grade by NAAC in March 2023 for five years, which speaks about quality. The college already has quality certification like ISO, Green Campus, etc. This year the college has been successful in raising the intake to 100.

“Service to Society through Excellence in Education”

As we all know Rajmata Jijau was in real sense a true Guru who inspired Shivaji Maharaj and made him aware of the divinity within him. She transformed his vision into a powerful Immortal and spiritual approach. Her touching words and dialogue had bonded Shivaji Maharaj’s heart with unbounded love and affection for each other and the country. Her teachings helped him throughout his life to succeed in all difficult situations with courage and determination. With the same spirit and dedication in mind, Rajmata Jijau Shikshan Prasarak Mandal was established in 2000.
